

# Engine parts and components suitable for Komatsu

**D170**  
Komatsu  
Engine family

# The widest market coverage

Blumaq offers the widest range of products in more engine models than any other company. We supply from our inventory to the Heavy Machinery, Industrial, Marine and Road Truck applications, providing a service tailored to the demands of our customers around the world.

Our range covers the current engines for D170, as well as the classic Komatsu ranges in their entirety.

We supply from an O-ring to an engine block, all parts selected and approved by our Technical Department, with a consistent quality at the highest level. Everything always guaranteed by the BQDiesel brand.

Assembled in our facilities by highly qualified and very experienced personnel, complete engines, long blocks, short blocks or cylinder heads assembled with valves and accessories, make the repair easier and faster, reducing machine downtime and making your fleet more productive.

## Extended Warranty

The BQDiesel extended warranty for engine parts provides reliability and confidence, facilitating your decision and ensuring the perfect performance of your investment.

The easiness of centralizing your purchases in a single supplier offers you an additional saving in management, thanks to the competitive prices of Blumaq that always strives to obtain the best price for the best product. All this avoids the risk of ruining a repair because of an insignificant saving.
