

Strength, reliability and
durability for a product
technologically advanced

Bearings TIMKEN

Blumaq covers all your expectations within the field of bearings.

Blumaq is an official TIMKEN distributor, the leading bearing brand, which for more than 100 years has developed a product technologically always at the vanguard. TIMKEN, a necessary partner in the development of all models of the main brands of machinery, now offers with Blumaq all its experience for the same original quality with a price and service that best fits your needs.
