

## QUALITY AND ENVIRONMENTAL POLICY

BLUMAQ, as a worldwide leader company in the development and commercialization of spare parts for public works machinery, has established as a main objective the improvement of compliance with the applicable legal requirements, its customers' expectations and respect for the environment by reducing the environmental impacts of its processes.

For this purpose, BLUMAQ S.A. has a Management System developed according to the guidelines of the ISO-9001 and ISO 14001 regulations, committing itself to:

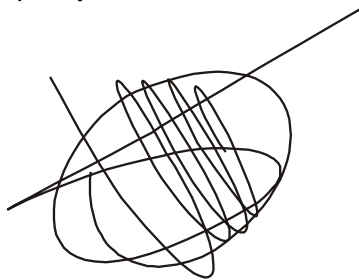

- To properly fulfil the needs and expectations of all parties involved.
- Continuous improvement of the service provided.
- Reduction of waste and consumption.
- Establish the necessary mechanisms and resources to reach the objectives set by the Management and comply with the previous sections.

In line with the above guidelines, it will be established and reviewed on a regular basis in the different areas of BLUMAQ S.A.

In addition, BLUMAQ S.A. is aware that:

QUALITY AND ENVIRONMENT AFFECT AND THEY ARE EVERYONE'S  
RESPONSIBILITY.

This policy must be known and implemented by all members of BLUMAQ S.A.
