

Tooth and adapters,  
optimum efficiency and great  
durability

## Ground engaging tools

***Xtra***wear  
hardness & strength

# Designed for maximum durability, created to work in the most extreme conditions

Discover the new line **Xtrawear**, high wear items, from Blumaq! Designed to offer exceptional hardness and durability.

The Xtrawear wear material from **Blumaq** has been carefully developed using the highest quality standards and the latest technologies. Our goal is to provide you with products that exceed your expectations and deliver superior performance in your most demanding applications.

Why choose **Xtrawear**? Here are some of its outstanding features:

- **Exceptional hardness:** Our Xtrawear wear material has undergone rigorous testing to ensure superior hardness. This means it will withstand wear and abrasion, extending the life of your equipment and reducing maintenance costs.
- **Maximum durability:** With Xtrawear, you can be confident that you are investing in high-quality and durable material. Our products are designed to withstand the most adverse conditions and continue to function optimally for a long time.
- **Superior performance and consumption savings:** Thanks to its excellent design and hardness, Blumaq's Xtrawear wear material offers superior performance and consumption savings in a wide range of construction and mining applications. Our products are designed to meet the most demanding challenges.
- **Full compatibility:** Blumaq offers a wide range of Xtrawear products to suit your specific needs and a wide range of compatible machinery for CAT applications.

At Blumaq, we take pride in offering the highest quality and performance products. With our Xtrawear wear material, you can be sure that you are investing in durable and reliable products that will help you optimize your operations and maximize efficiency.

We offer the **hardness, resistance, and durability** you need.
