

A complete range
for any type of excavator

Blumaq Hydraulic Brakers

High-quality components for maximum performance.

Our brakers offer unprecedented stable nitrogen pressure over time and provide the best power output performance.

Our brakers are manufactured and assembled in France. For their manufacture, best steels are selected combining the highest engineering standards.

LIGHT SERIES

Carrier weight range **0.7 – 12 ton**

Carrier weight range **65kg - 500 kg**

All Blumaq hydraulic BRAKERS includes:

2 working tools / centralized greasing / Nitrogen-filled chamber. Preloaded / Mounting bracket (without working tool) / Steel spring protected hoses with quick connect coupling

Made by:

for Blumaq

Blumaq

MEDIUM-RANGE

Carrier weight range 730 kg - 1.120 kg

B501M
730 kg.

B900M
1.120 kg.

All Blumaq hydraulic BRAKERS includes:

2 working tools / centralized greasing / Nitrogen-filled chamber. Preloaded / Mounting bracket (without working tool) / Steel spring protected hoses with quick connect coupling

HEAVY-RANGE

Carrier weight range 20 - 60 ton

2 AUTOMATIC SPEEDS

B1800H
1.884 kg.

B2500H
2.571 kg.

B3500H
3.261 kg.

B4500H
4.668 kg.

All Blumaq hydraulic BRAKERS includes:

2 working tools / centralized greasing / Nitrogen-filled chamber. Preloaded / Mounting bracket (without working tool) / Steel spring protected hoses with quick connect coupling

Made by:

for Blumaq

Blumaq

HEAVY-RANGE ADVANCE

Carrier weight range 11 - 35 ton

1 SPEED

B1000EC
980 kg.

B1300EC
1.285 kg.

B1700EC
1.660 kg.

B1900EC
1.900 kg.

B2600EC
2.670 kg.

All Blumaq hydraulic BRAKERS includes:

2 working tools / centralized greasing / Nitrogen-filled chamber. Preloaded / Mounting bracket (without working tool) / Steel spring protected hoses with quick connect coupling

Made by:

for Blumaq

The Blumaq logo, consisting of a stylized 'B' symbol followed by the brand name 'Blumaq'.

HEAVY-RANGE PLUS

Carrier weight range 18 - 90 ton

15 AUTOMATIC SPEEDS

B32HB
1.450 kg.

B45HB
2.547 kg.

B55HB
3.430 kg.

B65HB
5.589 kg.

B6000HB
6.200 kg.

B7000HB
7.754 kg.

All Blumaq hydraulic BRAKERS includes:

2 working tools / centralized greasing / Nitrogen-filled chamber. Preloaded / Mounting bracket (without working tool) / Steel spring protected hoses with quick connect coupling

Made by:

for Blumaq

The Blumaq logo, consisting of a stylized blue 'B' symbol followed by the word 'Blumaq' in a bold, sans-serif font.
